| Nowadays people mostly travel by air, as it's the fastest means of travelling. Passengers are requested to arrive at the airport 2 hours before departure time on international flights and an hour on domestic flights, as there must be enough time to complete the necessary airport formalities. Before passengers get on board the plane, they have to register their luggage. Each passenger is given a boarding pass to be shown at the departure gate and again to the stewardess when boarding the plane. Landing formalities and customs regulations are more or less the same in all countries: while still on board the plane the passengers are given arrival cards to fill in. After the passengers have disembarked, officials will check their passport and visa. Then the passengers go to the customs for an examination of their luggage. As a rule personal belongings may be brought in duty-free. In some cases the customs inspector may ask you to open your bag for inspection. | | | | | | | |
